

Docket Item #3
BZA CASE #2010-0020

Board of Zoning Appeals
September 16, 2010

ADDRESS: 626 N. PATRICK STREET
ZONE: R-B, RESIDENTIAL
APPLICANT: URBANVILLE RESIDENTIAL, LLC, OWNER, BY STEPHEN KULINSKI, ARCHITECT

ISSUE: Variance to construct new single family dwelling reducing the required open space from 800 square feet to 446 square feet.

| CODE SECTION | SUBJECT | CODE REQMT | APPLICANT PROPOSES | REQUESTED VARIANCE |
|--------------|------------|------------|--------------------|--------------------|
| 3-706(B) | Open Space | 800 sq ft | 446 sq ft | 354 sq ft |

BOARD OF ZONING APPEALS ACTION OF SEPTEMBER 16, 2010: On a motion to approve with conditions by Mr. Lantzy seconded by Mr. Goodale, the variance was approved by a vote of 4 to 0.

Conditions:

1. The parking area at the rear of the property must be surfaced with a permeable paving system to the satisfaction of the Directors of Planning and Zoning and Transportation and Environmental Services.
2. The roof deck shall never be covered or enclosed.

Reason: The applicant demonstrated a hardship due to the substandard size of the lot and the requirement to provide two off street parking spaces.

Speakers:

Steve Kulinski, architect, made the presentation

Staff **recommends approval with conditions** of the request because the applicant has demonstrated a hardship.

Conditions:

1. The parking area at the rear of the property must be surfaced with a permeable paving system to the satisfaction of the Directors of Planning and Zoning and Transportation and Environmental Services.

2. The roof deck shall never be covered or enclosed.

If the Board decides to grant the requested variance it must comply with the code requirements under the department comments and the applicant must submit the following prior to the release of a Certificate of Occupancy: (1) a survey plat prepared by a licensed surveyor confirming building footprint, setbacks, and building height compliance from average preconstruction grade and (2) certification of floor area from a licensed architect or engineer. The variance must also be recorded with the deed of the property in the City's Land Records Office prior to the release of the building permit.

BZA CASE #2010-0020

9/16/2010

I. Issue

The applicant proposes to construct a new single family dwelling on a vacant lot at 626 North Patrick Street, reducing the required open space to less than 800 square feet.

II. Background

The subject property is one lot of record with 17.50 feet of frontage facing North Patrick Street, a depth of 90.00 feet and a total lot area of 1,575 square feet. The lot is substandard for an RB zoned property where the minimum lot area is 1,980 square feet. However, in the RB zone, section 3-707(B) of the zoning ordinance allows lots of record as of December 28, 1951 to be developed with a single family dwelling at the lot size shown. According to deed records, this property has been a lot of record since at least 1940. Therefore, the vacant lot may be developed with a single-family dwelling.

The property is located within the Parker-Gray Historic District. The Parker-Gray Board of Architectural Review approved the proposed 2 ½ story Greek Revival style house “in concept” at the hearing on June 23, 2010, BAR2010-00129.

The BAR found the scale, mass and architectural character of the proposed house to be in keeping with the adjacent late 19th century homes and with the overall context of the surrounding neighborhood. The BAR asked the applicant to restudy some minor architectural details, including the proportions of the second floor windows on the rear elevation.

III. Description

The applicant is proposing to construct a three-story single-family dwelling located on the front property line, 0.4 feet from the north and south side property lines and 44.00 feet from the rear property line. The proposed dwelling measures 28.75 feet in height from grade to the midpoint of the gable roof facing the north and south side property lines and 29.25 feet in height from grade to the eave of the dormer facing the rear property line. The proposed house measures 17.00 feet by 46.00 feet, resulting in floor area of 782 square feet on each of the first and second levels. The third floor loft area measures 17.00 feet by 26.00 feet for a total of 442 square feet. The total gross floor area for the new dwelling will be 2006 square feet.

The applicant also proposes to construct an open roof deck on approximately half the third level of the dwelling. The roof deck will measure 16.00 feet by 21.00 feet for a total of 336 square feet.

The applicant is required to provide two off-street standard sized parking spaces on the lot. The applicant has applied to the Planning Commission for a Special Use Permit to reduce the required parking to allow one of the two required spaces to be a compact space.

There have been no variances previously granted for the subject property.

IV. Master Plan/Zoning

The subject property is zoned RB and has been so zoned since adoption of the Third Revised Zoning Map in 1951 and identified in the Braddock Road Metro Small Area Plan for residential land use.

V. Requested variances

Section 3-706(B) Open Space

The applicant requests an open space variance of 354 square feet to reduce the required open space from 800 square feet to 446 square feet.

VI. Staff analysis under criteria of section 11-1103

To grant a variance, the Board of Zoning Appeals must determine that a unique characteristic exists for the property. Section 11-1103 of the zoning ordinance lists standards that an applicant must address and that the Board believes exists and thus warrants varying the zoning regulations.

- (1) The particular physical surroundings, shape, topographical condition or extraordinary situation or condition of the property that prohibits or unreasonably restricts the use of the property.
- (2) The property's condition is not applicable to other property within the same zoning classification.
- (3) Hardship produced by the zoning ordinance was not created by the property owner.
- (4) The granting of a variance will not be detrimental to the public or other property or the neighborhood in which the subject property is located. Nor will the granting of a variance diminish or impair the value of adjoining properties or the neighborhood.
- (5) The granting of the variance will not impair light and air to the adjacent property.

- (6) The granting of a variance will not alter the character of the area nor be detrimental to the adjacent property.
- (7) Strict application of the zoning ordinance will produce a hardship.
- (8) Such hardship is generally not shared by other properties in the same zone and vicinity.
- (9) No other remedy or relief exists to allow for the proposed improvement.
- (10) The property owner has explored all options to build without the need of a variance.

VII. Applicant's Justification for Hardship

The applicant indicates that the subject property is a grandfathered lot and substandard in lot area. The requirement to provide 800 square feet of open space and two parking spaces on such a small lot places an unreasonable restriction on the property. The applicant is proposing a 336 square of open space in the form of an open roof deck, which doesn't meet the technical requirement for open space, but does provide an open and usable area that acts as open space for the residents.

VIII. Staff Analysis

Staff finds that the strict application of the zoning ordinance does result in a hardship for the applicant. A substandard lot totaling 1,575 square feet cannot meet the open space requirement of 800 square feet, provide two off-street parking spaces and allow for the construction of a reasonably sized single-family dwelling. In order to comply with the open space requirement and the required parking, the applicant would need to reduce the proposed dwelling by at least 19.00 feet in depth, which would result in a dwelling measuring only 17.00 feet in width by approximately 25.00 feet in depth. Even if the applicant were to reduce the dwelling to comply, he would still need to request a special use permit for a parking reduction because the lot is not wide enough to accommodate two standard parking spaces, measuring 9.00 feet by 18.50 feet each. Staff explored the idea of tandem parking spaces with the applicant, but the result would be an undesirable narrow strip of open space, still less than the 800 square feet required.

The proposed dwelling has a smaller footprint and provides more open space than many of the other dwellings on this block of North Patrick Street. The properties to the south all received variances in the 1970's and 1980's to reduce open space and increase FAR. The rear yards of all the residential properties on this block of North Patrick Street are used for parking. Allowing a reduction of the required open space on this substandard lot is consistent with the with the development pattern of this block.

BZA CASE #2010-0020

The combination of the substandard size of the lot and the requirement to provide two parking spaces on the lot create a hardship for the applicant. Therefore, staff **recommends approval** of the requested variance with the conditions that 1) the parking area be surfaced with a permeable material and 2) the roof deck may never be covered or enclosed.

DEPARTMENTAL COMMENTS

Legend: C - code requirement R - recommendation S - suggestion F - finding

* The applicant is advised that if the variance is approved the following additional comments apply.

Transportation and Environmental Services:

- R-1 The building permit plans shall comply with requirements of City Code Section 8-1-22 regarding the location of downspouts, foundation drains and sump pumps. Refer to Memorandum to Industry dated June 18, 2004. [Memorandum is available online at the City web site under Transportation\Engineering and Design\Memos to Industry.]. (T&ES)
- R-2 Applicant shall be responsible for repairs to the adjacent city right-of-way if damaged during construction activity. (T&ES)
- R-3 All improvements to the city right-of-way such as curbing, sidewalk, driveway aprons, etc. must be city standard design. (T&ES)
- R-4 No permanent structure may be constructed over any existing private and/or public utility easements. It is the responsibility of the applicant to identify any and all existing easements on the plan. (T&ES)
- R-5 An erosion and sediment control plan must be approved by T&ES prior to any land disturbing activity greater than 2,500 square feet. (T&ES)
- R-6 Compliance with the provisions of Article XIII of the City's zoning ordinance for stormwater quality control is required for any land disturbing activity greater than 2,500 square feet. (T&ES)
- R-7 The building permit must be approved and issued prior to the issuance of any permit for demolition. (T&ES)
- R-8 Construction of a new driveway entrance, or widening of an existing driveway entrance, requires separate application to; and approval from, the Department of Transportation and Environmental Services. (T&ES)
- R-9 Applicant shall comply with all other approvals; BAR2010-000129 and SUP2010-000129 once approved. (T&ES)

F-1 An approved grading plan may be required at the time of building permit application. Insufficient information has been provided to make that determination at this time. In summary, City Code Section 8-1-22(d) requires that a grading plan be submitted to and approved by T&ES prior to the issuance of building permits for improvements involving:

- the construction of a new home;
- construction of an addition to an existing home where either
 - the addition exceeds the area of the existing building footprint by 100% or more;
 - or, the construction of the addition results in less than 50% of the existing first floor exterior walls, in their entirety, remaining;
- changes to existing grade elevation of 1-foot or greater;
- changes to existing drainage patterns;
- land disturbance of 2,500 square feet or greater.

Questions regarding the processing of grading plans should be directed to the T&ES Site Plan Coordinator at (703) 746-4064. Memorandum to Industry No. 02-08 was issued on April 28, 2008 and can be viewed online via the following link. **<http://alexandriava.gov/uploadedFiles/tes/info/gradingPlanRequirements.pdf>**

C-1 The applicant shall comply with the City of Alexandria's Solid Waste Control, Title 5, Chapter 1, which sets forth the requirements for the recycling of materials (Sec. 5-1-99). (T&ES)

C-2 The applicant shall comply with the City of Alexandria's Noise Control Code, Title 11, Chapter 5, which sets the maximum permissible noise level as measured at the property line. (T&ES)

C-3 Roof, surface and sub-surface drains be connected to the public storm sewer system, if available, by continuous underground pipe. Where storm sewer is not available applicant must provide a design to mitigate impact of stormwater drainage onto adjacent properties and to the satisfaction of the Director of Transportation & Environmental Services. (Sec.8-1-22) (T&ES)

C-4 All secondary utilities serving this site shall be placed underground. (Sec. 5-3-3) (T&ES)

C-5 Pay sanitary sewer tap fee prior to release of Grading Plan. (Sec. 5-6-25) (T&ES)

C-6 Any work within the right-of-way requires a separate permit from T&ES. (Sec. 5-3-61) (T&ES)

Code Administration:

- C-1 All exterior walls within 5 feet from an interior property line shall have a fire resistance rating of 1 hour, from both sides of the wall. As alternative, a 2 hour fire wall may be provided. This condition is also applicable to skylights within setback distance. Openings in exterior walls between 3 and 5 feet shall not exceed 25% of the area of the entire wall surface (This shall include bay windows). Openings shall not be permitted in exterior walls within 3 feet of an interior lot line.
- C-2 Prior to the issuance of a demolition permit or land disturbance permit, a rodent abatement plan shall be submitted to Code Administration that will outline the steps that will taken to prevent the spread of rodents from the construction site to the surrounding community and sewers.
- C-3 Roof drainage systems must be installed so as neither to impact upon, nor cause erosion/damage to adjacent property.
- C-4 A soils report must be submitted with the building permit application.
- C-5 New construction must comply with the 2006 edition of the Uniform Statewide Building Code (USBC).
- C-6 Construction permits are required for this project. Plans shall accompany the permit application that fully details the construction as well as layouts and schematics of the mechanical, electrical, and plumbing systems.
- C-7 Permission from adjacent property owners is required if access to the adjacent properties is required to complete the proposed construction. Otherwise, a plan shall be submitted to demonstrate the construction techniques utilized to keep construction solely on the referenced property.
- C-8 A wall location plat prepared by a land surveyor is required to be submitted to this office prior to requesting any framing inspection.
- C-9 A Certificate of occupancy shall be obtained prior to any occupancy of the building or portion thereof, in accordance with USBC 116.1.

Recreation (Arborist):

- F-1 No trees are affected by this plan.

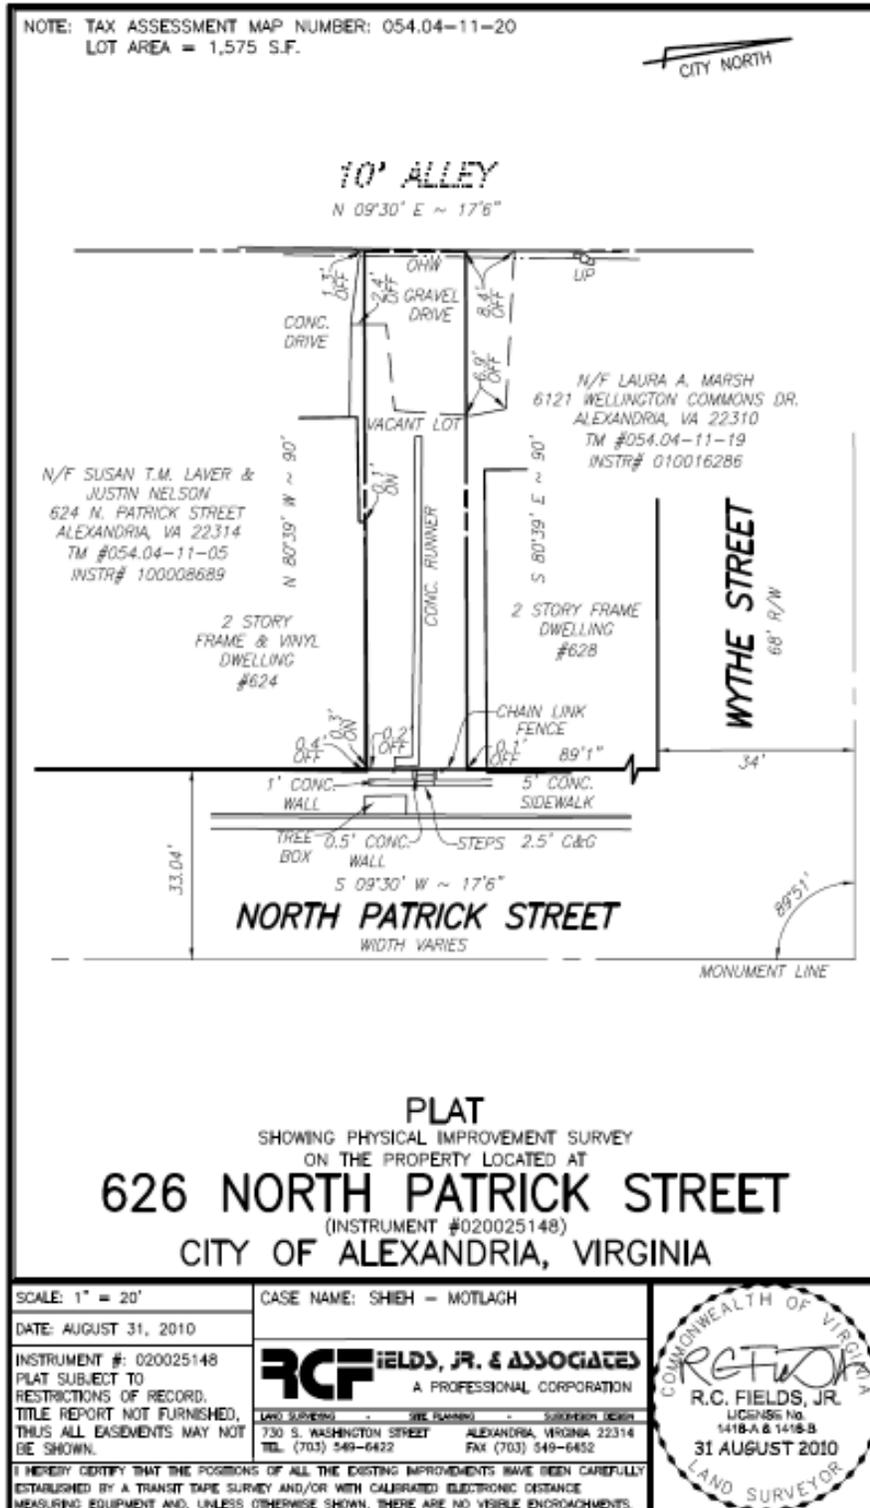

Historic Alexandria (Archaeology):

- F-1 There is low potential for significant archaeological resources to be disturbed by this project. No archaeological action is required.

Other Requirements Brought to the Applicant's Attention:

- C-1 A wall check survey plat shall be submitted to Planning and Zoning when the building footprint is in place, pursuant to Alexandria City Code section 8-1-12.

Updated 5/1/2010

Definition of business and financial relationship.

Section 11-305 of the Zoning Ordinance defines a business or financial relationship as any of the following:

- (1) a direct one;
- (2) by way of an ownership entity in which the member or a member of his immediate household is a partner, employee, agent or attorney;
- (3) through a partner of the member or a member of his immediate household;
- (4) through a corporation in which any of them is an officer, director, employee, agent or attorney or holds 10 percent or more of the outstanding bonds or shares of stock of a particular class. In the case of a condominium, this threshold shall apply only if the applicant is the title owner, contract purchaser, or lessee of 10% or more of the units in the condominium;
- (5) not as an ordinary customer or depositor relationship with a professional or other service provider, retail establishment, public utility or bank, which relationship shall not be considered a business or financial relationship;
- (6) created by the receipt by the member, or by a person, firm, corporation or committee on behalf of the member, of any gift or donation having a value of more than \$100, singularly or in the aggregate, during the 12-month period prior to the hearing on the application from the applicant.

BZA Case # 2010-0020

5. Describe request briefly:

BUILD A NEW SINGLE FAMILY DWELLING ON AN
UNDERSIZED LOT. PROVIDE 2 REQUIRED PARKING
SPACES AND REDUCED OPEN SPACE. PROVIDE
ALTERNATIVE OPEN SPACE ON ROOFTOP DECK.

6. If property owner or applicant is being represented by an authorized agent, such as an attorney, realtor or other person for which there is a form of compensation, does this agent or the business in which they are employed have a business license to operate in the City of Alexandria, Virginia?

Yes — Provide proof of current City business license.

No — Said agent shall be required to obtain a business prior to filing application.

THE UNDERSIGNED HEREBY ATTESTS that all of the information herein provided including the site plan, building elevations, prospective drawings of the projects, etc., are true, correct and accurate. The undersigned further understands that, should such information be found incorrect, any action taken by the Board based on such information may be invalidated. The undersigned also hereby grants the City of Alexandria permission to post placard notice as required by Article XI, Division A, Section 11-301(B) of the 1992 Alexandria City Zoning Ordinance, on the property which is the subject of this application. The applicant, if other than the property owner, also attests that he/she has obtained permission from the property owner to make this application.

Pursuant to Section 13-3-2 of the City Code, the use of a document containing false information may constitute a Class 1 misdemeanor and may result in a punishment of a year in jail or \$2,500 or both. It may also constitute grounds to revoke the permit applied for with such information.

BZA Case # 2010-0020

PART B (SECTION 11-1102)

NOTE: The Board of Zoning Appeals may grant a variance only if the applicant can demonstrate a legal hardship. A legal hardship refers to the shape and topographical conditions, or to some other unique characteristic of the property; for example, if a rear yard has sharp drop-off or hilly terrain where an addition could otherwise be located legally, or if the property has three front yards.

A legal hardship is NOT, for example, having a large family in a two-bedroom house, or that you need a first-floor bedroom and bath. (These are good personal reasons for a variance, but do not constitute a legal hardship having to do with specific conditions of the land.)

APPLICANT MUST EXPLAIN THE FOLLOWING:
(Please print clearly and use additional pages where necessary.)

1. Does strict application of the zoning ordinance to the subject property result in a hardship to the owner? (Answer A or B).

A. Explain how enforcement of the zoning ordinance will amount to confiscation of the property.

B. Explain how enforcement of the zoning ordinance will prevent reasonable use of the property.

THE 800 SQUARE FOOT OPEN SPACE REQUIREMENT PLACES A BURDEN OF 51% OPEN SPACE ON THIS UNDERSIZED LOT. THIS NEGATIVELY AFFECTS THE BUILDABLE AREA & THE ABILITY TO PROVIDE THE REQUIRED PARKING.

2. Is this hardship unique to the property?

A. Explain if the hardship shared by other properties in the neighborhood.

NO, THE NEIGHBORING PROPERTIES CURRENTLY EXIST WITHOUT THE MINIMUM OPEN SPACE. THE ADJACENT PROPERTIES HAVE REAR LOADED GARAGES AND PARKING IN THE REMAINING OPEN LOT AREA.

BZA Case # 2010-0020

B. Explain how this situation or condition of the property (on which this application is based) applies generally to other properties in the same zone.

SOME OTHER PROPERTIES, IN THE SAME ZONE, ARE EQUAL IN LOT SIZE, BUT THE STRUCTURES TYPICALLY ARE HISTORIC AND WERE ERECTED PRIOR TO THE APPLICATION OF THE CURRENT ZONING AND DO NOT MEET THE CURRENT OPEN SPACE REQUIREMENTS.

3. Was the hardship caused by the applicant?

A. Did the condition exist when the property was purchased?

YES

B. Did the applicant purchase the property without knowing of this hardship?

YES

C. How and when was the condition, which creates the hardship, first created?

CREATED DURING ORIGINAL SUBDIVISION PRIOR TO 1950

D. Did the applicant create the hardship and, if so, how was it created?

NO

BZA Case # 2010-0020

4. Will the variance, if granted, be harmful to others?

A. Explain if the proposed variance will be detrimental to the adjacent properties or the neighborhood in general.

IT WILL NOT BE DETRIMENTAL TO ADJACENT PROPERTIES IN THE NEIGHBORHOOD. IT WILL NOT SIGNIFICANTLY BLOCK LIGHT, AIR & VIEWS FROM THE REAR YARDS OF ADJACENT PROPERTIES.

B. Explain how the proposed variance will affect the value of the adjacent and nearby properties.

THE ERECTION OF A NEW HOUSE IN COMPLIANCE WITH B.A.R. STANDARDS WILL COMPLETE THE BLOCKFACE & RAISE VALUES OF THE NEARBY STRUCTURES.

C. Has the applicant shown the proposed plans to the most affected property owners? Has that neighbor objected to the proposed variance, or has the neighbor written a letter of support of the proposed variance? If so, please attach the letter.

APPLICANT HAS BEEN INVITED TO PRESENT THE PROJECT AT THE SEPTEMBER 2ND MEETING OF THE WEST OLD TOWN CIVIC ASSOCIATION

D. Explain how the proposed variance will change the character of the neighborhood.

IN GENERAL IT WILL NOT AFFECT THE CHARACTER OF THE NEIGHBORHOOD. THE B.A.R. REVIEW PROCESS WILL ENSURE ITS COMPATIBILITY IN THE PARKER GRAY HISTORIC DISTRICT
