<b>Application</b>	<b>General Data</b>	
Consideration of a Special Use Permit request to continue operation of a nonconforming automobile sales business.	<b>Planning Commission Hearing:</b>	January 7, 2014
	<b>City Council Hearing:</b>	January 25, 2014
<b>Address:</b> 1310 King Street	<b>Zone:</b>	KR / King Street Urban Retail
<b>Applicant:</b> Vafa Zarineh	<b>Small Area Plan:</b>	Old Town and King Street Retail Strategy

**Staff Recommendation:** DENIAL subject to compliance with all applicable codes and ordinances and the recommended permit conditions found in Section III of this report.

**Staff Reviewers:** Nathan Randall [nathan.randall@alexandriava.gov](mailto:nathan.randall@alexandriava.gov)

**SUP #2013-0085**  
**1310 King Street**

## I. DISCUSSION

The applicant, Vafa Zarineh by Reza Sasani, agent, requests Special Use Permit approval to continue operation of an existing nonconforming automobile sales business at 1310 King Street.

### SITE DESCRIPTION

The subject site is one lot of record with 71 feet of frontage on King Street, 100 feet of depth and a total lot area of approximately 7,100 square feet. The property is improved with a one-story, 336 square-foot office structure and surface parking lot.

The property is surrounded by commercial and residential uses. Several retail shops, such as Pacers and Chinoiserie, as well as two restaurants and another nonconforming automobile sales business, are located along this block of King Street. Residential townhouses and a recently-approved gelato shop are located to the south facing South Payne and Commerce Streets.

### BACKGROUND

An automobile sales business has operated at this site since at least 1941. The property was zoned to C-3 in 1951, which required Special Use Permit approval for automobile sales businesses. No Special Use Permit approval was obtained. It was rezoned to CD as part of the City-wide rezoning in 1992.

In May 2005, City Council adopted the King Street Retail Strategy as an amendment to the Alexandria Master Plan and, at the same time, rezoned the property to KR as recommended in the Strategy. The KR zone regulations do not permit automobile sales businesses and further specify at Section 6-702(D)(2) that uses involving the display of automobile vehicles for sale shall be deemed nonconforming uses. Sections 12-200 and 12-214 of the Zoning Ordinance require the applicant to either cease operation of the use or file for Special Use Permit approval within seven years of notification of the nonconforming status.

Planning & Zoning staff informed the property owner and the applicant, who has operated the business in this location since 1991, of the nonconforming status of the use in a letter dated November 21, 2006. It further explained the need to cease operation or file for Special Use Permit approval by, in this case, November 2013. Staff reminded the applicant of this

requirement in summer 2012 and again in July 2013. The applicant filed for Special Use Permit approval in October 2013.

The owner of another nonconforming automobile sales business, located three properties to the west at 1318 King Street, has similarly applied for Special Use Permit approval to continue operation of his business. SUP#2013-0084 is also scheduled to be heard before the Planning Commission and City Council in January 2014.

#### NONCONFORMING USES

Section 12-200 of the Zoning Ordinance was amended in 1998 to require operators of nonconforming uses to either obtain Special Use Permit approval or to cease operations within seven years of being notified of their use's nonconforming status. The establishment of the seven-year abatement period is intended to provide operators an "opportunity to realize a fair and reasonable rate of return" on investments.

Section 12-214(A)(3) of the Zoning Ordinance also provides two special criteria that must be evaluated as part of Special Use Permit requests for the continuation of a nonconforming use at the end of the abatement period. Those criteria are:

- (a) the degree to which the use serves the nearby neighborhood; and
- (b) the degree to which the use is compatible with the uses in the nearby neighborhood.

#### PROPOSAL

The applicant proposes to continue operating an existing nonconforming automobile sales business at this location. The business offers up to 26 used vehicles for sale at any one time. Administrative offices are located in the 336 square-foot structure located at the southern edge of the site. Additional elements of the applicants' proposal are as follows:

Hours of Operation: 10 a.m. – 6 p.m. Monday – Friday  
11 a.m. – 5 p.m. Saturday

Customers: Up to 10-15 customers each day

Employees: Typically four at any one time, six to eight in total

Noise: Only noises associated with the business is the starting of vehicle engines and will be controlled to prevent excess noise.

Odors: Minor exhaust odors may be present occasionally

Trash/Litter: Approximately one bag of office paper and trash is generated each week.

### ZONING/MASTER PLAN DESIGNATION

The property is located in the KR / King Street Urban Retail zone. Automobile sales businesses are not allowed in the KR zone.

The property is located within the boundaries of the Old Town Small Area Plan and King Street Retail Strategy chapters of the Alexandria Master Plan. The subject automobile repair business on the property is specifically recommended on page 5-4 of the King Street Retail Strategy to become a nonconforming use which could be subsequently redeveloped consistent with the goal of creating a vital retail environment.

### PARKING

Technically the automobile sales business has no parking requirement since it has been in operation since at least 1941. Under current parking regulations and staff practice, the applicant would need to provide a minimum of one off-street parking space for the office use plus one off-street space for each vehicle displayed for sale on the property, for a total of 27 off-street parking spaces. The applicant exceeds current parking regulations with the provision of 28 off-street spaces on the property.

## **II. STAFF ANALYSIS**

Staff does not support the applicant's request to continue operating the nonconforming automobile sales business in this prominent Old Town location. The King Street Retail Strategy has specifically recommended that this use should be made nonconforming and eventually redeveloped in a manner consistent with stated planning goals. Staff sees no mitigating circumstances, such as it being neighborhood serving or compatible with the surrounding neighborhood, in favor of the continuation of the use. The applicant has not provided evidence of needing a greater opportunity to realize a return on his business investment. It further believes that continuing the use is neither desirable nor practically necessary. To support the planning goals in the King Street Retail Strategy, staff recommends denial of the Special Use Permit.

### **King Street Retail Strategy**

The subject automobile sales business today remains clearly inconsistent with planning goals contained in the King Street Retail Strategy, a finding specifically identified on page 5-4 of the Strategy itself. The King Street Retail Strategy envisions a "vibrant, retail King Street that can maintain and grow its competitive position in the region, and thus ensure the vitality and health of the street and the area" (KSRS page 1-4). A guiding principle in support of this vision is the encouragement of "continuous retail uses along the street to support optimum market conditions and the pedestrian experience" (page 5-2).

Staff finds that as a non-retail use, the business does not provide a continuous retail experience along the street. Instead, the presence of the one-story office set back far from the sidewalk and the unattractive surface parking lot immediately next to the street creates a wide void (71 feet) in the streetscape, which interrupts the streetwall that elsewhere on King Street provides an

interactive and lively experience for pedestrians in many instances. In addition, automobile sales uses are not generally geared toward pedestrians nor are they likely to generate much pedestrian traffic. Automobile sales may be less likely to generate synergy with other neighboring retail businesses in the same way that a customer shopping for a birthday gift might also buy a greeting card and wrapping paper at other nearby establishments.

### **Neighborhood Compatibility**

Notwithstanding the Master Plan findings and the KR zone regulations, the special review criteria in Section 12-214(A)(3) of the Zoning Ordinance provides for the possibility of the continuation of a nonconforming use if it is neighborhood-serving and compatible with the surrounding neighborhood. Staff finds, however, that the automobile-oriented use is not compatible with the neighborhood character. The property is surrounded by a mix of small retail shops, restaurants, and upper-level residential apartments. Residential townhouses and a day care center are also located in close proximity to the south across an alley. Aside from the similarly-situated automobile sales business at 1318 King Street, no other automobile-oriented businesses are located on adjacent blocks or elsewhere on King Street between the waterfront and Metro.

While it is possible that some neighborhood residents may purchase vehicles from the applicant, automobiles are not everyday purchases given their high value. Staff does not believe such transactions would occur frequently enough for the business to be considered neighborhood-serving.

### **Future Plans**

In addition to reviewing the existing business, staff also has considered future plans for the property if its recommendation for denial is upheld. The applicant has asked staff to consider, should it not recommend permanent approval for the continuation of the use, that a temporary extension should be allowed for at least another one to two years. Such an extension would give the applicant or other property owner additional time to potentially pursue redevelopment plans while earning income from the property and without creating a vacancy on King Street.

### *Temporary Extension*

Although it understands the applicant's interest in maintaining his small business here, staff does not believe that approval of the requested Special Use Permit with any time extension is warranted. The applicant and property owner have been aware of the nonconforming status of the use since at least 2006. The applicant was also directly reminded in 2012 and 2013 of the potential need to vacate the site if any Special Use Permit is denied and has been referred to the Alexandria Economic Development Partnership (AEDP) for help regarding potential relocation within the City. Ample time in which the business could have been relocated or closed has been offered during the seven-year abatement period. Furthermore, the applicant has not brought forward, nor has staff observed, any circumstances that have adversely impacted the applicant's opportunity to realize a fair and reasonable return in the last seven years on the business he has owned for approximately 22 years.

As a practical matter, if the Special Use Permit request is denied, the applicant will have a reasonable period of time in which to wrap-up final business matters as a practical matter at this location. Through ordinary enforcement processes, staff expects to offer the applicant about 60

days, or until March 31, 2014, to completely cease operations at the site.

#### *Vacancy*

Staff typically prefers for tenant space to remain occupied while redevelopment approvals are pursued or while redevelopment potential ripens. For example, it has recommended approval recently for several SUPs in Arlandria and the West End with condition language requiring reviews in approximately five and ten years' time. Staff has not recommended a similar approach here, despite the likelihood that the property may be vacant at some point in the future until it is redeveloped, for several reasons. First, the seven-year abatement period has already offered an opportunity analogous to the review condition recommended in other cases. Second, the subject automobile sales business is a nonconforming use rather than a use regularly allowed by SUP under current zoning, and the Zoning Ordinance expresses a clear preference for the "eventual elimination of all nonconforming uses" (Section 12-202). Third, the business has been uniquely identified in the King Street Retail Strategy as being incompatible with the City's planning goals. In other instances, a particular use may be generally discouraged in a given Small Area Plan or special study or it may be located in an inconsistent building type (single-use, suburban-designed, or industrial warehouse). Fourth, staff believes that the removal of the existing automobile sales use offers a particularly strong incentive to redevelop the property given that the small size of the existing building limits the range of alternative uses for the site.

#### *Redevelopment*

With regard to longer-term plans, staff has held a preliminary conversation with the property owner regarding potential redevelopment of the site. The owner has explained that he has attempted redevelopment in the past, but found that market conditions in past years have not supported new retail tenant space. He also mentioned a since-abandoned concept for a hotel he had considered at this location. At the present time, the property owner is marketing the subject property along with the property it owns immediately to the east at 1300-1304 King Street as a built-to-suit opportunity for a new retail tenant.

Although staff recognizes that the 2008-2009 economic downturn may have reduced demand for certain redevelopment projects, it still believes that this property is a realistic candidate for redevelopment. The applicant is currently soliciting offers, and in recent years the opening of the new Le Tastevin wine shop, the expanded Pacers running store, and the relocated Chinoiserie home décor shop on the 1300 block of King Street offer examples of interest in retail tenant space on this portion of King Street. Staff expects to have further conversations with the property owner regarding both potential interim and long-term uses for the site.

#### **Potential Condition Language**

As it has done in other cases recommended for denial, staff has prepared potential condition language in Section III of this report if City Council were to approve the Special Use Permit request. Many of the recommendations are standard conditions included in Special Use Permits for automobile-related uses. Staff has also included Condition #4 to limit the number of vehicles offered for sale at any one time at 23, which is a reduction from the 26 vehicles noted in the application. This change will provide three additional off-street parking for customers or employees, bringing the total number of such spaces to five. It also recommends that a standard staff-level review occur in six months (Condition #17) and that the Special Use Permit expire

one year from approval unless the applicant obtains new Special Use Permit approval (Condition #18).

### **Conclusion**

The subject automobile repair business appears to be one of the few instances in the last 15 years in which a use has been completely eliminated from a zone and deemed to be a nonconforming use. The deliberately strict treatment of the use indicates its degree of inconsistency in 2005 with stated planning goals for this highly visible location. Staff believes this incompatibility continues today and sees no mitigating circumstances, such as neighborhood compatibility or a lack of opportunity for the applicant to realize a reasonable return, through which it can recommend the continuation of the use on either a short or long-term basis.

Staff recommends denial of the Special Use Permit request.

### **III. RECOMMENDED CONDITIONS**

Staff recommends **DENIAL** of the requested Special Use Permit. If the request were instead approved, staff recommends compliance with all applicable codes and ordinances and the following conditions:

1. The Special Use Permit shall be granted to the applicant only or to any corporation in which the applicant has a controlling interest. (P&Z)
2. The hours of operation of the general automobile repair business shall be limited to between 10 a.m. and 6 p.m. Monday - Saturday. (P&Z)
3. The applicant shall post the hours of operation at the entrance of the business. (P&Z)
4. No more than 23 vehicles shall be displayed for sale on the premises at any one time. All vehicles shall be parked in a neat and orderly manner. No vehicles shall be displayed, parked, or stored in any portion of the public right-of-way. (P&Z)
5. No repair work shall be done at the subject property. (P&Z)(T&ES)
6. Trash and garbage shall be placed in sealed containers which do not allow odors to escape and shall be stored inside or in closed containers which do not allow invasion by animals. No trash or debris shall be allowed to accumulate on site outside of those containers. (P&Z)
7. The applicant shall conduct employee training sessions on an ongoing basis, including as part of any employee orientation, to discuss all SUP provisions and requirements. (P&Z)
8. All waste products including but not limited to organic compounds (solvents), motor oil, compressor lubricant and antifreeze shall be disposed of in accordance with all local, state and federal ordinances or regulations and not be discharged to the sanitary or storm sewers or be discharged onto the ground. (T&ES)

9. The applicant shall comply with the City of Alexandria Best Management practices manual for automotive related industries. A copy can be obtained by contacting the Office of Environmental Quality at 703-746-4065 or at <http://alexandriava.gov/Environment> under Forms and Publications. (T&ES)
10. The applicant shall control odors, smoke and any other air pollution from operations at the site and prevent them from leaving the property or becoming a nuisance to neighboring properties, as determined by the Department of Transportation and Environmental Services. (T&ES)
11. All loudspeakers shall be prohibited from the exterior of the building, and no amplified sounds shall be audible at the property line. (T&ES)
12. Supply deliveries, loading, and unloading activities shall not occur between the hours of 11 p.m. and 7 a.m. (T&ES)
13. The applicant shall require its employees who drive to use off-street parking and/or provide employees who use mass transit with subsidized bus and rail fare media. The applicant shall also post DASH and Metrobus schedules on-site for employees. (T&ES)
14. Litter on the site and on public rights-of-way and spaces adjacent to or within 75 feet of the premises shall be picked up at least twice a day and at the close of business, and more often if necessary, to prevent an unsightly or unsanitary accumulation, on each day that the business is open to the public. (T&ES)
15. All waste products including, but not limited to, organic compounds (solvents), motor oil, refrigerant, compressor lubricant and antifreeze shall be disposed of in accordance with all local, state and federal ordinances or regulations and not be discharged to the sanitary or storm sewers or be discharged onto the ground. (T&ES)
16. The applicant shall contact the Community Relations Unit of the Alexandria Police Department at 703-746-6838 regarding a robbery readiness program for all employees. (Police)
17. The Director of Planning and Zoning shall review the Special Use Permit after six months, and shall docket the matter for consideration by the Planning Commission and City Council if (a) there have been documented violations of the permit conditions which were not corrected immediately, constitute repeat violations, or which create a direct and immediate adverse zoning impact on the surrounding community; (b) the Director has received a request from any person to docket the permit for review as the result of a complaint that rises to the level of a violation of the permit conditions; or (c) the Director has determined that there are problems with the operation of the use and that new or revised conditions are needed. (P&Z)
18. This Special Use Permit shall automatically expire on January 31, 2014 unless City Council approves a new Special Use Permit to continue operation of the automobile sales use prior to expiration. (P&Z)

STAFF: Alex Dambach, Division Chief, Department of Planning and Zoning;  
Nathan Randall, Urban Planner.

---

Staff Note: In accordance with Section 11-506(c) of the Zoning Ordinance, construction or operation shall be commenced and diligently and substantially pursued within 18 months of the date of granting of a Special Use Permit by City Council or the Special Use Permit shall become void.

**Subject:** 1310- King's Auto Special Use Permit-Existing Used Auto Dealership

Dear Mr. Randall,

Hello,

Pursuant to the SUP application submitted on 10/23/2013, we would like to inform you that the purpose to request to grant extended and the special use permit request for King's Auto as a existing auto sales business that it has been established since 1991.

Best Regards,

Reza Sasani

Cell. 703-965-5055

**USE CHARACTERISTICS**

4. The proposed special use permit request is for (check one):  
 a new use requiring a special use permit,  
 an expansion or change to an existing use without a special use permit,  
 an expansion or change to an existing use with a special use permit,  
 other. Please describe: Continuous to the existing use

5. Please describe the capacity of the proposed use:  
A. How many patrons, clients, pupils and other such users do you expect?  
Specify time period (i.e., day, hour, or shift).  
10-15 clients per day

B. How many employees, staff and other personnel do you expect?  
Specify time period (i.e., day, hour, or shift).  
6-8 employees

6. Please describe the proposed hours and days of operation of the proposed use:  
Day: Mon-FRI Hours: 10-6 pm  
Saturday 11-5 pm  
Sunday closed

7. Please describe any potential noise emanating from the proposed use.  
A. Describe the noise levels anticipated from all mechanical equipment and patrons.  
only starting engine being produced in minimum level of noise

B. How will the noise be controlled?  
The engine noise of starting engine at minimum controlled within the property premises.

8. Describe any potential odors emanating from the proposed use and plans to control them:

~~There is a minor smell of odors emanating in~~  
There is a minor smelling of odors emanating in  
This environment lot from Engine as result of starting  
vehicles.

9. Please provide information regarding trash and litter generated by the use.

A. What type of trash and garbage will be generated by the use? (i.e. office paper, food wrappers)

Minimum trash office paper only

B. How much trash and garbage will be generated by the use? (i.e. # of bags or pounds per day or per week)

one bag per week

C. How often will trash be collected?

daily

D. How will you prevent littering on the property, streets and nearby properties?

Supervising and clean on daily

10. Will any hazardous materials, as defined by the state or federal government, be handled, stored, or generated on the property?
